The information in this Supplement amends certain information contained in the Prospectus for the Fund, dated November 1, 2018, and should be read in conjunction with such Prospectus.

January 31, 2019

The following information is added as the last sentence under the section of the Funds' Prospectus entitled "HOW TO BUY SHARES – Class I Shares":

"Institutional Shares may also be available on certain brokerage platforms. An investor transacting in Institutional Shares through a broker acting as an agent for the investor may be required to pay a commission and/or other forms of compensation to the broker."

The following paragraphs replace the first paragraph contained under the section of the Funds' Prospectus entitled "HOW TO REDEEM SHARES - Converting Shares":

"Shareholders of a Fund may elect on a voluntary basis to convert their shares in one class of the Fund into shares of a different class of the same Fund, subject to satisfying the eligibility requirements for investment in the new share class. Shares may only be converted into a share class with a lower expense ratio than the original share class.

Shares held through a financial intermediary offering different programs and fee structures that has an agreement with the Adviser or the Funds' distributor may be converted by the financial intermediary, without notice, to another share class of the Funds, including share classes with a higher expense ratio than the original share class, if such conversion is consistent with the fee-based or wrap fee program's policies."
