The following information supplements certain information contained in the current Prospectus for the Funds dated before this Supplement and should be read in conjunction with such Prospectus.

The section of the Funds' Prospectus entitled "HOW TO REDEEM SHARES – Converting Shares" is replaced with the following:

Converting Shares

Shareholders of the Fund may elect on a voluntary basis to convert their shares in one class of the Fund into shares of a different class of the Fund, subject to satisfying the eligibility requirements for investment in the new share class.

Shares held through a financial intermediary offering different programs and fee structures that has an agreement with the Adviser or the Fund's distributor may be

converted by the financial intermediary, without notice, to another share class of the Fund, including share classes with a higher expense ratio than the original share class, if such conversion is consistent with the fee- based or wrap fee program's policies.

An investor may directly, or through his or her financial intermediary, contact the Fund to request a voluntary conversion between share classes of the Fund as described above. You may be required to provide sufficient information to establish eligibility to convert to the new share class.

Class C shares convert automatically to Class A shares after ten years (unless otherwise provided by your financial intermediary), provided that the financial intermediary through which you purchased Class C shares has records verifying that the Class C shares have been held for at least ten years. Under the Funds' Plan related to Class A shares, each Fund may pay an annual fee of up to 0.50% of the average daily net assets of its Class A shares (the "Class A 12b-1 Fee") for shareholder services and distribution related expenses (Class C shares presently pay a 1.00% 12b-1 fee). Each Fund is currently paying a Class A 12b-1 Fee of 0.25% of its average daily net assets. If authorized by the Board and upon notice to the shareholders, a Fund may increase the percentage paid under the 12b-1 Plan up to the Class A 12b-1 Fee amount. Because these fees are paid out of each Fund's assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. You should consult your financial representative for more information about eligibility for Class C share conversion. All permissible conversions will be made on the basis of the relevant NAVs of the two classes without the imposition of any front-end sales load. A share conversion within a Fund will not result in a capital gain or loss for federal income tax purposes. The Funds may change, suspend or terminate these conversion features at any time.

The following information is hereby added to the section of the Funds' Prospectus entitled "APPENDIX A: INTERMEDIARY-SPECIFIC SALES CHARGE REDUCTIONS AND WAIVERS":
